

Dear Moon Valley,

Thank you very much for donating the children's picnic table to the St. Mary's Preschool program. The preschoolers painted their hand prints on the seats and on the top of the table. It turned out simply beautiful.

The preschoolers used the table as their classroom project to donate to the Boosters dinner dance. The dinner dance is the Boosters LARGEST fundraiser, which allows them to provide so many things to the students and teachers of St. Mary's Catholic School. The picnic table was the most sought after item in the live auction, bringing in the largest bid of the night of \$575.00.

**Thank you again for your generosity,
St. Mary's Preschool Program**
